

CAMBRIDGE EDUCATION GROUP

As the UK's leading provider of pre-university, creative and English language programmes, Cambridge Education Group is dedicated to helping students on each vital stage of their personal development and is proud to offer the widest range of courses of any UK education provider.

UK high school education takes 4 years. During the first 2 years students study for **GCSE** exams and during the second 2 years they study for: **A Levels/ IB Diploma** - the qualifications which are the most common methods used to enter British universities. Instead of taking A Levels/IB Diploma, some students choose to enroll in a University Foundation Course- a one-year course during which students study subjects in a desired area.
