

# ECOLE NOUVELLE DE LA SUISSE ROMANDE

**Ecole Nouvelle** is a co-educational, private school founded in 1906. Situated in Switzerland's French-speaking region near Lake Geneva, the school enjoys a privileged position in the centre of Europe. The quality of education is guaranteed by respecting the ideas of its founder-to aim to place value on individuality, by interpreting educational programs with flexibility and promoting joyful collaboration.

## Programmes

- **International Baccalaureate Diploma (16+)**- a two-year programme for students aged 16 and above preparing for university entry.
- **Swiss Maturity** - a highly regarded qualification allowing students to enter into any university, college, polytechnic in Switzerland, Europe, USA or Canada.

- **Middle School (11-14)**

To facilitate the important transition from childhood to adolescence and to optimise the potential and development of each student through constant personalised teaching.

- **Senior School (15-18)**

To develop each student a capacity for reflection and the acquisition of knowledge necessary to attain one of two diplomas: either the Swiss Maturity or the International Baccalaureate.

- **Summer camp**

Our summer camp is based in Champéry, a little village in the midst of the Alps. It is aimed at the pupils of our school as well as at young people from 10 to 18 years of age from all over the world. We organize 22 hours of French or English lessons per week while afternoons and weekends are dedicated to sports activities or excursions.

## Facilities

The boarding facilities are located in the main building on three floors. The sports facilities include a gymnasium and weight room, tennis court, volleyball and basketball courts, a football field.

## Accommodation

Boarding facilities are provided for students from 10 years of age for either 5 or 7 days a week. Students live in a family atmosphere, which provides care, security and support. The rooms are individual, twin or triple.

## Sport

ENSR is extremely proud of the fact that we manage to participate with usually more than one team (football, volleyball, basketball, hockey, etc.) and with groups of individuals (in competitions like track and field, horse-back riding, skiing, etc.) in almost all of the disciplines in the annual programme. We organized camps (skiing, windsurfing, etc.), courses and incentives (golf, horse-back riding, etc.) for our students to try to give them as many different sports experiences as possible.

## Leisure

A large variety of recreational, cultural and sporting activities are organised to complement boarding school life.
