

Real Madrid Soccerschool Soccerlanguageschool

The concept behind **Real Madrid Soccer Language School** is to bring together the world of languages and football, the most universal of sports, and combine them with the time-honored values of Real Madrid in a unique program.

As a key component of the program, **Real Madrid** will be sending a team of professional coaches from Spain to supervise four hours of training per day. The training sessions will focus on the same techniques and skills that the club develops with its teams at all age levels.

The programme takes place in Stowe School, a prestigious and spectacular boarding school founded in the early twentieth century.
